

VCGCD - Annual Report - FY15-16 - Section 1

Victoria County Groundwater Conservation District

Fiscal Year 2015 – 2016

October 1, 2015 to September 30, 2016

Annual Report

Adopted: March 24, 2017

Section 1 -

Review of management goals, objectives and performance standards of the District.

The Management Plan of the District, as adopted on August 16, 2013 specifies the method for tracking progress in achieving the goals of the District. The management plans states "staff of the DISTRICT will prepare and present an annual report to the Victoria County Groundwater Conservation Board of Directors regarding the DISTRICT's performance in achieving management goals and objectives for the fiscal year. The report will be presented within 120 days following the completion of the DISTRICT's fiscal year. The DISTRICT will maintain the report on file for public inspection at the District's offices upon adoption at a meeting of the Victoria County Groundwater Conservation Board of Directors."

Based on the review of the activities and projects of the Victoria County Groundwater Conservation District Management Plan between October 1, 2015 and September 30, 2016, the District has determined that seven goals and associated objectives, based on an assessment of the performance standards, have been fully achieved during the fiscal year ending September 30, 2016.

Goal 1: Providing the most efficient use of groundwater – TWC §36.1071(a)(1) and 31 TAC 356.52(a)(1)(A)

Reference to Evidence of Achievement: VCGCD - Annual Report - FY15-16 - Section 2 - Evidence of Achievement - Goal 1

Objective G1O1: Develop and maintain a water well registration program for tracking well information for wells within Victoria County.

Performance Standard: Each year, the DISTRICT will summarize within the annual report the changes related to water well registration including the number of non-grandfathered and grandfathered wells registered.

The District provided for the efficient use of groundwater by maintaining a water well registration program for tracking well information for wells within Victoria County. The District registered 72 non-grandfathered wells and 40 grandfathered wells in FY15-16.

Number of non-grandfathered wells registered with the District as October 2015: 692 wells
Number of non-grandfathered wells registered with the District as September 2016: 761 wells

Number of grandfathered wells registered with the District as October 2015: 748 wells
Number of grandfathered wells registered with the District as September 2016: 778 wells

Achievement Level: Full | Partial | None

Objective G1O2: Develop and maintain a water well permitting program for processing and tracking all permits authorizing groundwater production.

Performance Standard: Each year, the DISTRICT will summarize within the annual report the changes related to water well permitting including the number of new applications and the disposition of the applications.

The District provided for the efficient use of groundwater by maintaining a water well permitting program for processing and tracking all permits authorizing groundwater production within Victoria County. The District issued 19 production permits during the fiscal year. The total volume of permitted groundwater production for the permits totals 7,182.311 acre-feet per year. The District received 19 groundwater production permit requests during the fiscal year with 19 applications approved and 0 application pending.

Achievement Level: Full | Partial | None

Goal 2: Controlling and preventing waste of groundwater – TWC §36.1071(a)(2) and 31 TAC 356.52(a)(1)(B)

Reference to Evidence of Achievement: VCGCD - Annual Report - FY15-16 - Section 2 - Evidence of Achievement - Goal 2

Objective G2O1: Develop and maintain a water well inspection program for non-exempt wells.

Performance Standard: Each year, the DISTRICT will summarize within the annual report the findings of the inspection activities including information regarding the number of wells that require improvement to control or prevent waste of groundwater.

The District addressed controlling and preventing waste of groundwater by maintaining a water well inspection program during the fiscal year. The District has performed 84 well inspections during the fiscal year. Of those wells inspected, 5 wells require improvement to control or prevent waste of groundwater.

Achievement Level: Full | Partial | None

Goal 3: Addressing conjunctive surface water management issues – TWC §36.1071(a)(4) and 31 TAC 356.52(a)(1)(D)

Reference to Evidence of Achievement: VCGCD - Annual Report - FY15-16 - Section 2 - Evidence of Achievement - Goal 3

Objective G3O1: Participate in the regional water planning process by attending at least one South Central Texas Regional Water Planning Group (Region L) meeting per year.

Performance Standard: Each year, the DISTRICT will summarize within the annual report the representatives of the DISTRICT, dates, and the number of meetings of the South Central Texas Regional Water Planning Group attended.

The District addressed conjunctive surface water management issues through the attendance of meetings by district directors and the general manager, participating in the regional water planning process by attending at least one South Central Texas Regional Water Planning Group (Region L) meeting during the fiscal year. Mr. Eller attended meetings of the South Central Texas Regional Water Planning Group (Region L) on the following dates: November 5, 2015, February 11, 2016, May 5, 2016, and August 4, 2016. Mr. Andruss attended meetings of the South Central Texas Regional Water Planning Group (Region L) on the following dates: November 5, 2015, February 11, 2016, May 5, 2016, and August 4, 2016.

Achievement Level: Full | Partial | None

Goal 4: Addressing natural resource issues which impact the use and availability of groundwater, and which are impacted by the use of groundwater – TWC §36.1071(a)(5) and 31 TAC §356.52(a)(1)(E)

Reference to Evidence of Achievement: VCGCD - Annual Report - FY15-16 - Section 2 - Evidence of Achievement - Goal 4

Objective G4O1: Develop and maintain a water quality monitoring program.

Performance Standard: Each year, the DISTRICT will summarize within the annual report the monitoring activities including the number of wells monitored and the year-to-year change of water quality.

The District addressed natural resource issues which impact the use and availability of groundwater by maintaining a water quality monitoring program during the fiscal year. The District collected aquifer measurements on 50 dates during the fiscal year and processed 35 separate water quality measurement events. The District continues to collect valuable aquifer measurement to support the future assessment of water quality change.

Achievement Level: Full | Partial | None

Goal 5: Addressing drought conditions – TWC §36.1071(a)(6) and 31 TAC 356.52(a)(1)(F)

Reference to Evidence of Achievement: VCGCD - Annual Report - FY15-16 - Section 2 - Evidence of Achievement - Goal 5

Objective G5O1: Collect and review drought condition information related to Victoria County and the surrounding region of Texas.

Performance Standard: Each year, the District will summarize within the annual report the drought condition information collected and reviewed.

The District addressed drought conditions by collecting and reviewing drought condition information related to Victoria County and the surrounding region of Texas by considering drought monitoring index information during meetings of the Board of Directors during the fiscal year. Drought condition information was reviewed at the meetings held on the following months: October 2015, November 2015, December 2015, January 2016, February 2016, March 2016, April 2016, June 2016, July 2016, August 2016, and September 2016.

Achievement Level: Full | Partial | None

Goal 6: Addressing conservation, recharge enhancement, rainwater harvesting, precipitation enhancement, or brush control, where appropriate and cost-effective – TWC §36.1071(a)(7) and 31 TAC 356.52(a)(1)(G)

Reference to Evidence of Achievement: VCGCD - Annual Report - FY15-16 - Section 2 - Evidence of Achievement - Goal 6

Objective G6O1: Promote conservation, rainwater harvesting or brush control within Victoria County.

Performance Standard: Each year, the DISTRICT will summarize within the annual report the activities directly related to conservation, rainwater harvesting or brush control including participation in scientific investigations and studies, educational materials developed and delivered to local schools, cooperative educational contributions and grants, public speaking events and presentations, community event participation, and educational publications.

The District addressed and promoted conservation, recharge enhancement, rainwater harvesting, precipitation enhancement, or brush control by participating in scientific investigations and studies, public speaking events and presentations at community events.

The District attended and operated an information booth at the South Texas Farm and Ranch show in October 2016 at which promotional materials relating to groundwater conservation, recharge enhancement, rainwater harvesting and brush control were on display and distributed to show attendees.

Achievement Level: Full | Partial | None

Goal 7: Addressing the desired future conditions adopted by the district under Section 36.108 – TWC §36.1071(a)(8) and 31 TAC 356.52(a)(1)(H)

Reference to Evidence of Achievement: VCGCD - Annual Report - FY15-16 - Section 2 - Evidence of Achievement - Goal 7

Objective G7O1: Develop and maintain a water level monitoring program.

Performance Standard: Each year, the DISTRICT will summarize within the annual report the water level monitoring activities including the number of wells monitored and the year-to-year change of water level.

The District addressed the desired future conditions adopted by the District by maintaining a water level monitoring program during the fiscal year.

The District collected 155 separate water level measurement from water wells within Victoria County. Of wells with water level measurements in both 2014 and 2015, the average depth below the surface in year 2014 was 54.2 feet. The average depth below the surface for year 2015 was 54.7 feet.

Objective G7O2: Analyze water level monitoring information to evaluate water level trends and determine the degree to which the DISTRICT is complying with the desired future conditions of Gulf Coast Aquifer in Victoria County.

Performance Standard: Each year, the DISTRICT will summarize within the annual report the water level trends and the conclusions regarding the DISTRICT's compliance with the desired future condition of the Gulf Coast Aquifer in Victoria County.

The District addressed the desired future conditions adopted by the District and analyzed the recent water level trends for 2014 and 2015.

Based on the water level measurement collected for Victoria County, the District concludes that the water levels within the county indicate groundwater level decline of 0.5 feet and therefore in compliance with the District's drawdown-based desired future condition.

Evidence of Achievement - Goal 5

Goal 5: Addressing drought conditions – TWC §36.1071(a)(6) and 31 TAC 356.52(a)(1)(F)

Objective G5O1: Collect and review drought condition information related to Victoria County and the surrounding region of Texas.

Evidence of Achievement:

1. [VCGCD - Adm - MM - Meeting Packets - 20151016 - VCGCD BoD Meeting Packet](#)

Evidence of Achievement - Goal 6

Goal 6: Addressing conservation, recharge enhancement, rainwater harvesting, precipitation enhancement, or brush control, where appropriate and cost-effective – TWC §36.1071(a)(7) and 31 TAC 356.52(a)(1)(G)

Objective G6O1: Promote conservation, rainwater harvesting or brush control within Victoria County.

Evidence of Achievement:

Evidence of Achievement - Goal 7

Goal 7: Addressing the desired future conditions adopted by the district under Section 36.108– TWC §36.1071(a)(8) and 31 TAC 356.52(a)(1)(H)

Objective G7O1: Develop and maintain a water level monitoring program.
